

Illustrator Transparency

When working with transparencies in Illustrator CS2, utilize the Flattener Previewer.

If needed:

1. Pagination Program: Set file up in the correct layout. Print a Postscript with the grayscale Color Preference set.
2. Distiller: Distill file to create PDF.

Acrobat:

1. Open PDF in Acrobat.
2. "Save As" a Postscript: In Settings, select Grayscale. Make sure all colors are converted to CMYK in the Ink Manager.
3. Save.

Distiller:

1. Distill file to create a grayscale PDF.
